

The screenshot shows the Intel FPGA Starter Edition 2020.1 software interface. The top window displays the project hierarchy and signal list. The bottom window shows the 'Transcript' with the message: 'Failure: Simulation finished. Time: 3040 ns. Iteration: 0. Process: /tb_gpu/line_38 File: C:/Users/Devif/Downloads/kke/rs_gpu/testbench.vhd Break in Process line_38 at C:/Users/Devif/Downloads/kke/rs_gpu/testbench.vhd line 47'. The status bar at the bottom indicates 'Now: 3.040 ns. Delta: 0' and 'sim/tb_gpu/line_38'.
